

Better Moves Around Schools St Martin de Porres Primary School, Avondale Heights

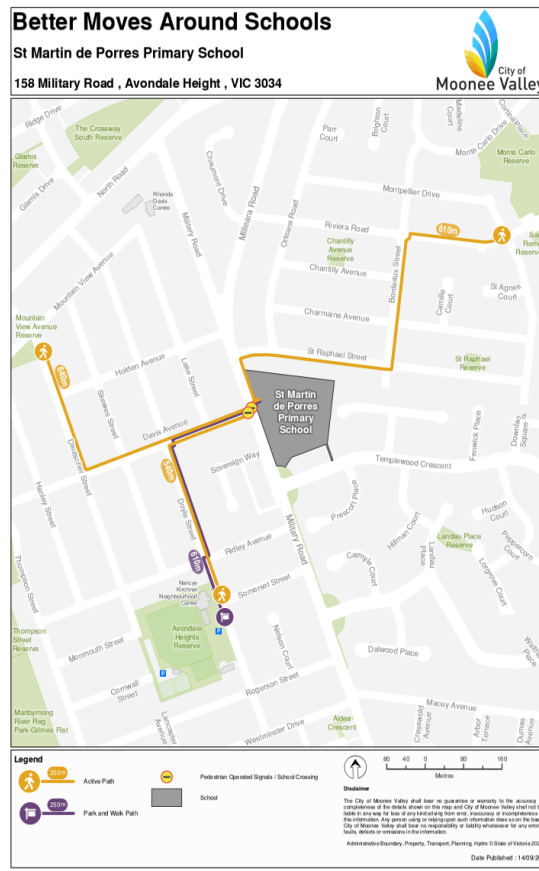

Did you know walking or riding to school is a great way for your child to start their day? Studies have shown that it stimulates the mind and improves overall health and fitness!

Getting to School safely

The Better Moves Around Schools program is run in collaboration with Moonee Valley schools to improve traffic, safety and parking management, and encourage walking, cycling and the use of public transport when travelling to and from school

There's a lot of ways to get to school, so they have mapped out the best!

The Walking School Bus

The Walking School Bus is a fun, healthy and safe way for primary school-aged children to travel to and from school.

The Walking School Bus is not a real vehicle but a group of children who walk to school accompanied by two adult leaders – one ‘driver’ and one ‘conductor’ - picking up and delivering children at ‘bus stops’ on the way to school.

If you are interested in more information about any aspect of the Walking School Bus, please contact bmas@mvcc.vic.gov.au.

St Martin’s Walking School Bus

We have not begun with the implementation of this program and we would like to. Please email Andrea Cochrane (acochrane@smavondaleheights.catholic.edu.au) to express your interest in this.
